(Acts adopted under the EU Treaty)

ACTS ADOPTED UNDER TITLE VI OF THE EU TREATY

COLLEGE DECISION 2009-8

adopting the Financial Regulation applicable to Eurojust

THE COLLEGE OF EUROJUST,

Having regard to the Council Decision of 28 February 2002 setting up Eurojust with a view to reinforcing the fight against serious crime (2002/187/JHA) ⁽¹⁾, as amended by Decision of the Council (2003/659/JHA) ⁽²⁾, and in particular Article 37 thereof,

Having regard to Commission Regulation (EC, Euratom) No 2343/2002 ⁽³⁾ of 23 December 2002 on the framework Financial Regulation for the bodies referred to in Article 185 of Council Regulation (EC, Euratom) No 1605/2002 on the Financial Regulation applicable to the general budget of the European Communities, as amended by Commission Regulation (EC, Euratom) No 652/2008 ⁽⁴⁾,

Whereas:

- (1) Following the amendment of the framework Financial Regulation by Regulation (EC, Euratom) No 652/2008, it is necessary to adapt Eurojust's financial rules in order to align its provisions with the amended Framework Financial Regulation.
- (2) Eurojust has legal personality and has the full responsibility to draw up and to implement its own budget.
- (3) It is necessary to define the rules on drawing up and implementing Eurojust's budget, as well as the rules governing the presentation and the auditing of the accounts.
- (4) It is also necessary to define the powers and responsibilities of the College of Eurojust, the Authorising Officer, the accounting officer, the imprest administrator and the internal auditor.

- (5) Effective control systems must be established to protect the financial interest of the European Community.
- (6) Since Eurojust is financed by an annual subsidy charged to the Community budget, the timetable for establishing the budget, presenting the accounts and granting discharge should be aligned to the equivalent provisions of the general Financial Regulation.
- (7) For the same reason, Eurojust must observe the same requirement as the institutions of the Community in the award of public contracts and grants; in this respect, a reference to the relevant provisions of the general Financial Regulation will suffice.
- (8) The Financial Regulation must reflect the specific requirements of Eurojust as a judicial cooperation unit. It should take full account of the sensitive operations carried out by Eurojust, in particular in relation to investigations and prosecutions.
- (9) The amended Financial Regulation applicable to Eurojust's budget must be adopted unanimously by the College after the Commission has consented to the changes.
- (10) The Commission has consented to this Regulation including the departure from the framework Financial Regulation,

HAS ADOPTED THIS REGULATION:

BUDGETARY PRINCIPLES

Article 3

The establishment and implementation of the budget shall comply with the principles of unity and budget accuracy, annuality, equilibrium, unit of account, universality, specification and sound financial management, which requires effective and efficient internal control and transparency as provided for in this Regulation.

CHAPTER 1

Principles of unity and of budget accuracy

Article 4

The budget is the instrument which, for each financial year, forecasts and authorises the revenue and expenditure considered necessary for the implementation of the Eurojust Decision.

Article 5

The budget shall comprise:

- (a) own revenue consisting of all fees, charges and, without prejudice to Article 51, interest which Eurojust may receive for services supplementary to the tasks entrusted to it, and any other revenue;
- (b) revenue made up of any financial contributions of the host Member State;
- (c) a subsidy granted by the European Communities;
- (d) revenue assigned to specific items of expenditure in accordance with Article 19(1);
- (e) the expenditure of Eurojust, including administrative expenditure.

Article 6

1. No revenue shall be collected and no expenditure effected unless booked to a line in the budget.
2. An appropriation must not be entered in the budget if it is not for an item of expenditure considered necessary.
3. No expenditure may be committed or authorised in excess of the appropriations authorised by the budget.

⁽¹⁾ OJ L 357, 31.12.2002, p. 1.

CHAPTER 2

Principle of annuality*Article 7*

The appropriations entered in the budget shall be authorised for one financial year, which shall run from 1 January to 31 December.

Article 8

1. The budget shall contain non-differentiated appropriations and, where justified by operational needs, differentiated appropriations. The latter shall consist of commitment appropriations and payment appropriations.

2. Commitment appropriations shall cover the total cost of the legal commitments entered into during the current financial year.

3. Payment appropriations shall cover payments made to honour the legal commitments entered into in the current financial year and/or earlier financial years.

4. Administrative appropriations shall be non-differentiated. Administrative expenditure arising from contracts covering periods that extend beyond the financial year, either in accordance with local practice or relating to the supply of equipment, shall be charged to the budget of the financial year in which it is effected.

Article 9

1. The revenue of Eurojust referred to in Article 5 shall be entered in the accounts for the financial year on the basis of the amounts collected during the financial year.

2. The revenue of Eurojust shall give rise to an equivalent amount of payment appropriations.

3. The appropriations authorised in the budget for a given year may be used solely to cover expenditure committed and paid in that financial year, and to cover amounts due against commitments from preceding financial years.

4. Commitments shall be entered in the accounts on the basis of the legal commitments entered into up to 31 December.

5. Payments shall be entered in the accounts for a financial year on the basis of the payments effected by the accounting officer by 31 December of that year at the latest.

Article 10

1. Appropriations which have not been used at the end of the financial year for which they were entered shall be cancelled.

However, they may, by decision of the College taken not later than 15 February, be carried over to the next financial year only, in accordance with paragraphs 2 to 7.

2. Appropriations relating to staff expenditure may not be carried over.

3. Commitment appropriations and non-differentiated appropriations not yet committed at the close of the financial year may be carried over in respect of amounts corresponding to commitment appropriations for which most of the preparatory stages of the commitment procedure, to be defined in the Eurojust Financial Implementing Rules, have been completed by 31 December; these amounts may then be committed up to 31 March of the following year.

4. Payment appropriations may be carried over in respect of amounts needed to cover existing commitments or commitments linked to commitment appropriations carried over, when the appropriations provided for the relevant lines in the budget for the following financial year do not cover requirements. Eurojust shall first use the appropriations authorised for the current financial year and shall not use the appropriations carried over until the former are exhausted.

5. Non-differentiated appropriations corresponding to obligations duly contracted at the close of the financial year shall be carried over automatically to the following financial year only.

6. Appropriations carried over which have not been committed by 31 March of year N + 1 shall be automatically cancelled.

Appropriations carried over in this way shall be identified in the accounts.

7. The appropriations available at 31 December arising from the assigned revenue referred to in Article 19 shall be carried over automatically. By 1 June of year N + 1 at the latest, Eurojust shall inform the Commission about the implementation of the assigned revenue carried over.

The appropriations available corresponding to assigned revenue carried over must be used first.

Article 11

Where amounts are decommitted, as a result of total or partial non-implementation of the actions for which they were earmarked, in any financial year after that in which the appropriations were committed, the appropriations concerned shall be cancelled.

Article 12

The appropriations entered in the budget may be committed with effect from 1 January, once the budget has become definitive.

Article 13

1. As from 15 November of each year, routine administrative expenditure may be committed in advance against the appropriations provided for the following financial year. Such commitments may not, however, exceed one quarter of the appropriations decided by the College on the corresponding budget line for the current financial year. They may not apply to new expenditure of a kind not yet approved in principle in the last budget duly adopted.

2. Expenditure which must be paid in advance, for example rents, may give rise to payments from 1 December onwards to be charged to the appropriations for the following financial year. In this case, the limit referred to in paragraph 1 shall not apply.

Article 14

1. If the budget has not been finally adopted at the beginning of the financial year, the following rules shall apply to commitment and payment of expenditure which it has been possible to book to a specific line in the budget as part of implementation of the last budget duly adopted.

2. Commitments may be made per chapter up to a maximum of one quarter of the total appropriations authorised in the chapter in question for the previous financial year, plus one twelfth for each month which has elapsed.

Payments may be made monthly per chapter up to a maximum of one twelfth of the appropriations authorised in the chapter in question for the previous financial year.

The limit of the appropriations provided for in the statement of estimates of revenue and expenditure may not be exceeded.

3. At the request of the Administrative Director, if the continuity of action by Eurojust and management needs so require, the College may simultaneously authorise two or more provisional twelfths for both commitments and payments over and above those automatically made available by the provisions of paragraphs 1 and 2.

The additional twelfths shall be authorised in full and shall not be divisible.

CHAPTER 3

Principle of equilibrium*Article 15*

1. The budget revenue and payment appropriations must be in balance.

2. Commitment appropriations may not exceed the amount of the Community subsidy, plus own revenue and any other revenue referred to in Article 5.

3. Eurojust may not raise loans.

4. Community funds paid to Eurojust shall constitute for its budget a balancing subsidy which shall count as prefinancing within the meaning of Article 81(1)(b)(i) of the general Financial Regulation.

5. Eurojust shall implement rigorous cash management, taking due account of assigned revenue, in order to ensure that its cash balances are limited to duly justified requirements. With its payment requests, it shall submit detailed and updated forecasts on its real cash requirements throughout the year, including information on assigned revenue.

Article 16

1. If the balance of the outturn account within the meaning of Article 81 is positive, it shall be repaid to the Commission up to the amount of the Community subsidy paid during the year. The part of the balance exceeding the amount of the Community subsidy paid during the year shall be entered in the budget for the following financial year as revenue. Eurojust shall provide, by 31 March of the year N at the latest, an estimate of the operating surplus from the year N – 1, which is to be returned to the Community budget later in year N, in order to complete the information already available concerning the surplus of the year N – 2. This information shall be duly taken into account by the Commission when assessing the financial needs of Eurojust for the year N + 1;

The difference between the Community subsidy entered in the general budget and that actually paid to the body shall be cancelled.

2. If the balance of the outturn account provided for in Article 81 is negative, it shall be entered in the budget for the following financial year.

3. The revenue or payment appropriations shall be entered in the budget during the budgetary procedure using the letter of amendment procedure or, while budget implementation is under way, by means of an amending budget.

CHAPTER 4

Principle of unit of account

Article 17

The budget shall be drawn up and implemented in euro and the accounts shall be presented in euro.

However, for cash-flow purposes, the accounting officer and, in the case of imprest accounts, imprest administrators shall be authorised to carry out operations in national currencies as laid down in the Eurojust Financial Implementing Rules.

CHAPTER 5

Principle of universality

Article 18

Total revenue shall cover total payment appropriations, subject to Article 19. All revenue and expenditure shall be entered in full without any adjustment against each other, subject to Article 21.

Article 19

1. The following items of revenue shall be used to finance specific items of expenditure:

- (a) revenue earmarked for a specific purpose, such as income from foundations, subsidies, gifts and bequests;
- (b) contributions to Eurojust's activities from Member States, non-member countries or miscellaneous bodies, in so far as this is provided for in the agreement concluded between Eurojust and the Member States, non-member countries or bodies in question;
- (c) revenue from third parties in respect of goods, services and works supplied at their request, with the exception of fees and charges referred to in Article 5(a);
- (d) proceeds from the supply of goods, services and works for Community institutions or other Community bodies;
- (e) revenue arising from the repayment of amounts wrongly paid;
- (f) proceeds from the sale of vehicles, equipment, installations, materials, and scientific and technical apparatus, which are being replaced or scrapped when the book value is fully depreciated;
- (g) insurance payments received;
- (h) revenue from payments connected with lettings;

- (i) revenue from the sale of publications and films, including those on an electronic medium.

1a. The basic act applicable may also assign the revenue for which it provides to specific items of expenditure.

2. All items of revenue within the meaning of points (a) to (d) of paragraph 1 shall cover all direct or indirect expenditure incurred by the activity or purpose in question.

3. The budget shall carry lines to accommodate the categories of assigned revenue referred to in paragraphs 1 and 1a and wherever possible shall indicate the amount.

Article 20

1. The Administrative Director may accept any donation made to Eurojust, such as foundations, subsidies, gifts and bequests.

2. Acceptance of donations which may involve some financial charge shall be subject to the prior authorisation of the College, which shall take a decision within two months of the date on which the request is submitted to it. If the College fails to take a decision within that period, the donation shall be deemed accepted.

Article 21

1. The following deductions may be made from payment requests, invoices or statements, which shall then be passed for payment of the net amount:

- (a) penalties imposed on parties to procurement contracts or beneficiaries of a grant;
- (b) discounts, refunds and rebates on individual invoices and payment requests;
- (c) interest generated by pre-financing payments.

2. The cost of goods, other products or services provided to Eurojust shall be charged to the budget for the full ex-tax amount where they incorporate taxes refunded:

- (a) either by the Member States pursuant to the Protocol on Privileges and Immunities of the European Communities, by the Host State on the basis of the Seat Agreement or on the basis of other relevant agreements;
- (b) or by a Member State or non-member country on the basis of other relevant agreements.

Any national taxes temporarily borne by Eurojust under the first subparagraph shall be entered in a suspense account until they are refunded by the State concerned.

3. Any negative balance shall be entered in the budget as expenditure.

4. Adjustments may be made in respect of exchange differences occurring in the implementation of the budget. The final gain or loss shall be included in the balance for the year.

CHAPTER 6

Principle of specification

Article 22

The appropriations in their entirety shall be earmarked for specific purposes by title and chapter; the chapters shall be further subdivided into articles and items.

Article 23

1. The Administrative Director may make transfers from one chapter to another and from one article to another without limit and from one title to another up to a maximum of 10 % of the appropriations for the financial year shown on the line from which the transfer is made.

2. Beyond the limit referred in paragraph 1, the Administrative Director may propose to the College transfers of appropriations from one title to another. The College shall have three weeks in which to oppose such transfers. After this time-limit they shall be deemed to be adopted.

3. Proposals for transfers and transfers carried out under paragraphs 1 and 2 shall be accompanied by appropriate and detailed supporting documents showing the implementation of appropriations and estimates of requirements up to the end of the financial year, both for the headings to be credited and for those from which the appropriations are drawn.

4. The Administrative Director shall inform the College as soon as possible of all transfers made. He/She shall inform the budgetary authority of all transfers carried out under paragraph 2.

Article 24

1. Appropriations may be transferred only to budget lines for which the budget has authorised appropriations or carries a token entry (p.m.).

2. Appropriations corresponding to assigned revenue may be transferred only if they are used for the purpose to which the revenue is assigned.

CHAPTER 7

Principle of sound financial management

Article 25

1. Budget appropriations shall be used in accordance with the principle of sound financial management, that is to say, in accordance with the principles of economy, efficiency and effectiveness.

2. The principle of economy requires that the resources used by Eurojust for the pursuit of its activities shall be made available in due time, in appropriate quantity and quality and at the best price.

The principle of efficiency is concerned with the best relationship between resources employed and results achieved.

The principle of effectiveness is concerned with attaining the specific objectives set and achieving the intended results.

3. Specific, measurable, achievable, relevant and timed objectives shall be set for all sectors of activity covered by the budget. Achievement of those objectives shall be monitored by performance indicators for each activity and information shall be provided to the College by the Administrative Director. This information shall be provided annually and at the latest in the documents accompanying the preliminary draft budget.

4. In order to improve decision-making, Eurojust shall regularly carry out ex ante and ex post evaluations of programmes or activities. Such evaluations shall be applied to all programmes and activities which entail significant spending and evaluation results shall be sent to the College.

5. The objectives and measures set out in paragraphs 3 and 4 do not apply to case-related work.

Article 25a

1. The budget shall be implemented in compliance with effective and efficient internal control.

2. For the purposes of the implementation of the budget, internal control is defined as a process applicable at all levels of the management and designed to provide reasonable assurance of achieving the following objectives:

(a) effectiveness, efficiency and economy of operations;

(b) reliability of reporting;

(c) safeguarding of assets and information;

(d) prevention and detection of fraud and irregularities;

- (e) adequate management of the risks relating to the legality and regularity of the underlying transactions, taking into account the multi-annual character of programmes as well as the nature of the payments concerned.

CHAPTER 8

Principle of transparency

Article 26

1. The budget shall be drawn up and implemented and the accounts presented in compliance with the principle of transparency.

2. A summary of the budget and amending budgets, as finally adopted, shall be published in the *Official Journal of the European Union* within three months of their adoption.

The summary shall show the five main revenue budget lines, the five main expenditure budget lines for the administrative and operational budget, the establishment plan and an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are budgeted, and seconded national experts. It shall also indicate the figures for the previous year.

3. The budget including the establishment plan and amending budgets, as finally adopted, as well as an indication of the number of contract staff expressed in full-time equivalents for which appropriations are budgeted, and seconded national experts, shall be transmitted for information to the budgetary authority, the Court of Auditors and the Commission, and shall be published on the Internet site of Eurojust within four weeks of their adoption.

4. Eurojust shall make available on its Internet site information on the beneficiaries of funds deriving from its budget, including experts contracted pursuant to Article 74b. The published information shall be easily accessible, transparent and comprehensive. This information shall be made available with due observance of the requirements of confidentiality and security, in particular the protection of personal data as laid down in the Eurojust Decision and the Rules of Procedure on the Processing and Protection of Personal Data.

Where information is published only in anonymous form, Eurojust shall, upon request, provide information on the beneficiaries concerned to the European Parliament in an appropriate manner.

TITLE III

ESTABLISHMENT AND STRUCTURE OF THE BUDGET

CHAPTER 1

Establishment of the budget

Article 27

1. The budget shall be established in accordance with the Eurojust Decision.

2. Each year, the Administrative Director shall draw up and submit to the College for its approval, a provisional draft estimate of revenue and expenditure for Eurojust for the following financial year.

3. The College shall send the Commission a provisional draft estimate of revenue and expenditure for Eurojust and the general guidelines underlying that estimate, on the basis of the provisional draft drawn up by the Administrative Director, by 10 February each year. The College shall forward the final draft estimate to the Commission by 31 March at the latest.

4. The estimate of revenue and expenditure of Eurojust shall include:

- (a) an establishment plan setting the number of permanent and temporary posts authorised within the limits of the budget appropriations, by grade and by category;
- (b) where there is a change in the number of posts, a statement justifying the request for new posts;
- (c) a quarterly estimate of cash payments and receipts;
- (d) information on the achievement of all previously set objectives for the various activities as well as new objectives measured by indicators.

Evaluation results shall be consulted and referred to as evidence of the likely merits of an increase or decrease of Eurojust's proposed budget in comparison with its budget for year N.

5. Eurojust shall send to the Commission and the budgetary authority by 31 March each year at the latest the following:

- (a) its draft work programme;
- (b) its updated multi-annual staff policy plan, established in line with the guidelines set by the Commission;
- (c) information on the number of officials, temporary and contract staff as defined in the Staff Regulations for the years N – 1 and N as well as an estimate for the year N + 1;
- (d) information on contributions in kind granted by the host Member State to Eurojust;
- (e) an estimate of the balance of the outturn account within the meaning of Article 81 for the year N – 1.

As part of the procedure for adoption of the general budget, the Commission shall send Eurojust's statement of estimates to the budgetary authority and propose the amount of the subsidy for Eurojust and the number of staff it considers that Eurojust needs. The Commission shall provide the draft establishment plan of Eurojust and for an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are proposed.

6. The budgetary authority shall adopt the establishment plan of Eurojust and any subsequent amendment thereto in accordance with Article 32(1). The establishment plan shall be published in an Annex to Section III — Commission — of the general budget.

7. The budget and the establishment plan shall be adopted by the College. They become definitive after final adoption of the general budget setting the amount of the subsidy and the establishment plan and if necessary the budget and the establishment plan shall be adjusted accordingly.

Article 28

Any amendment to the budget, including the establishment plan, shall be the subject of an amending budget adopted by the same procedure as the initial budget, in accordance with the provisions of the Eurojust Decision and Article 27.

CHAPTER 2

Structure and presentation of the budget

Article 29

The budget shall comprise a statement of revenue and a statement of expenditure.

Article 30

In so far as it is justified by the nature of Eurojust's activities, the statement of expenditure must be set out on the basis of a nomenclature with a classification by purpose. This nomenclature shall be determined by Eurojust and shall make a clear distinction between administrative appropriations and operating appropriations.

Article 31

The budget shall show:

1. in the statement of revenue:

- (a) the estimated revenue of Eurojust for the financial year in question;

- (b) the estimated revenue for the preceding financial year and the revenue for year N – 2;

- (c) appropriate remarks on each revenue line.

2. in the statement of expenditure:

- (a) the commitment and payment appropriations for the financial year in question;

- (b) the commitment and payment appropriations for the preceding financial year, and the expenditure committed and the expenditure paid in year N – 2;

- (c) a summary statement of the schedule of payments due in subsequent financial years to meet budget commitments entered into in earlier financial years;

- (d) appropriate remarks on each subdivision.

Article 32

1. The establishment plan referred to in Article 27 shall show, next to the number of posts authorised for the financial year, the number authorised for the preceding year and the number of posts actually filled.

It shall constitute an absolute limit for Eurojust; no appointment may be made in excess of the limit set.

However, save in the case of grades AD 16, AD 15, AD 14 and AD 13, the College may modify the establishment plan by up to 10 % of posts authorised, subject to two conditions:

- (a) that the volume of staff appropriations corresponding to a full financial year is not affected;

- (b) that the limit of the total number of posts authorised by the establishment plan is not exceeded.

2. By way of derogation from the second subparagraph of paragraph 1, the effects of part-time work authorised by the appointing authority in accordance with the Staff Regulations may be offset by other appointments. Where a staff member requests the withdrawal of the authorisation before expiry of the granted period, Eurojust shall take appropriate measures to respect the limit referred to in point (b) of paragraph 1 as soon as possible.

TITLE IV

IMPLEMENTATION OF THE BUDGET

CHAPTER 1

General provisions*Article 33*

The Administrative Director shall perform the duties of authorising officer. He/she shall implement the revenue and expenditure of the budget in accordance with the Eurojust Financial Rules, on his/her own responsibility and within the limits of the appropriations authorised. Without prejudice to the responsibilities of the authorising officer as regards prevention and detection of fraud and irregularities, Eurojust shall participate in fraud prevention activities of the European Anti-fraud Office. Such activities shall not affect the operational work of Eurojust as foreseen in the Eurojust Decision and shall in particular not entail the access to or transmission of any case-related documents to OLAF.

Article 34

1. The Administrative Director may delegate his/her powers of budget implementation to staff of Eurojust covered by the Staff Regulations, in accordance with the conditions laid down by the Eurojust Financial Rules. Those so empowered may act only within the limits of the powers expressly conferred upon them.

2. The delegate may subdelegate the powers received as provided for in the Eurojust Financial Implementing Rules. Each act of subdelegation shall require the explicit agreement of the Administrative Director.

Article 35

1. All financial actors within the meaning of Chapter 2 of this title and any other person involved in budget implementation, management, audit or control shall be prohibited from taking any measures which may bring their own interests into conflict with those of Eurojust. Should such a case arise, the person in question must refrain from such measures and refer the matter to the competent authority.

2. There is a conflict of interests where the impartial and objective exercise of the functions of a person referred to in paragraph 1 is compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other shared interest with the beneficiary.

3. The competent authority referred to in paragraph 1 shall be the immediate superior of the member of staff concerned. If the member of staff is the Administrative Director, the competent authority shall be the College.

Article 36

1. The budget shall be implemented by the Administrative Director in the departments placed under his/her authority.

2. Technical expertise tasks and administrative, preparatory or ancillary tasks involving neither the exercise of public authority nor the use of discretionary powers of judgement may be entrusted by contract to external private-sector entities or bodies, where this proves to be indispensable.

CHAPTER 2

Financial actors

Section 1 — Principle of segregation of duties

Article 37

The duties of authorising officer and accounting officer shall be segregated and mutually incompatible.

Section 2 — Authorising officer

Article 38

1. The authorising officer shall be responsible for implementing revenue and expenditure in accordance with the principles of sound financial management and for ensuring that the requirements of legality and regularity are complied with.

2. To implement expenditure, the authorising officer shall make budget commitments and legal commitments, shall validate expenditure and authorise payments and shall undertake the preliminaries for the implementation of appropriations.

3. Implementation of revenue shall comprise drawing up estimates of amounts receivable, establishing entitlements to be recovered and issuing recovery orders. It shall involve waiving established entitlements where appropriate.

4. The authorising officer shall put in place minimum standards as set out in the Eurojust Financial Implementing Rules. These minimum standards shall be drawn up on the basis of the standards laid down by the Commission for its own department and having due regard to the risks associated with the management environment and the nature of the action financed, the organisational structure and the internal management and control systems and procedures suited to the performance of his/her duties, including where appropriate ex post verifications.

The authorising officer shall establish within his/her departments an expertise and advice function designed to help him/her control the risks involved in his/her activities.

5. Before an operation is authorised, the operational and financial aspects shall be verified by members of staff other than the one who initiated the operation. Initiation and the ex ante and ex post verification of an operation shall be separate functions.

6. The authorising officer shall conserve the supporting documents relating to operations carried out for a period of five years from the date of the decision granting discharge in respect of implementation of the budget. Personal data contained in supporting documents shall be deleted where possible when those data are not necessary for budgetary discharge, control and audit purposes. In any event, the detailed rules on data protection as laid down in the Eurojust Decision and the Rules of Procedure on the Processing and Protection of Personal Data at Eurojust shall apply.

Article 39

1. Initiation of an operation as referred to in Article 38(5) shall be understood to mean all the operations which are preparatory to the adoption of the acts implementing the budget by the authorising officers responsible referred to in Articles 33 and 34.

2. *Ex ante* verification of an operation as referred to in Article 38(5) shall be understood to mean all the *ex ante* checks put in place by the authorising officer responsible in order to verify the operational and financial aspects.

3. Each operation shall be the subject of at least one *ex ante* verification. The purpose of this verification shall be to ascertain that:

- (a) the expenditure is in order and conforms to the relevant provisions;
- (b) the principle of sound financial management referred to in Article 25 has been applied.

For the purpose of *ex ante* verification, a series of similar individual transactions relating to routine expenditure on salaries, pensions, reimbursement of mission expenses and medical expenses may be considered by the authorising officer responsible to constitute a single operation.

In the case referred to in the second subparagraph, the authorising officer responsible shall, depending on his/her risk assessment, carry out an appropriate *ex post* verification, in accordance with paragraph 4.

4. The purpose of *ex post* verifications of documents and, where appropriate, on-the-spot verifications shall be to verify that operations financed by the budget have been correctly implemented and in particular that the criteria referred to in paragraph 3 have been complied with. These verifications may be organised on a sample basis using risk analysis.

5. The officials or other staff responsible for the verifications referred to in paragraphs 2 and 4 shall be different from those

performing the tasks referred to in paragraph 1 and shall not be their subordinates.

2. 1a. The obligation to pay compensation shall apply in particular if:

(a) the authorising officer, whether intentionally or through gross negligence on his/her part, determines entitlements to be recovered or issues recovery orders, commits expenditure or signs a payment order without complying with this Regulation and the Eurojust Financial Implementing Rules.

(b) the authorising officer, whether intentionally or through gross negligence on his/her part, omits to draw up a document establishing an amount receivable, neglects to issue a recovery order or is late in issuing it, or is late in issuing a payment order, thereby rendering Eurojust liable to civil action by third parties.

2. An authorising officer by delegation or subdelegation who considers that a decision falling under his/her responsibility is irregular or contrary to the principles of sound financial management shall inform the delegating authority in writing. If the delegating authority then gives a reasoned instruction in writing to the authorising officer by delegation or subdelegation to implement the decision in question, the latter must implement it and may not be held liable.

3. In the event of delegation, the authorising officer shall continue to be responsible for the efficiency and effectiveness of the internal management and control systems put in place and for the choice of the authorising officer by delegation.

4. The specialised financial irregularities panel set up by the Commission in accordance with Article 66(4) of the general Financial Regulation, shall exercise the same powers in respect of Eurojust as it does in respect of Commission departments, unless the College decides to set up a functionally independent panel, or to participate in a joint panel established by several Community bodies. For cases submitted by Eurojust, the specialised financial irregularities panel set up by the Commission shall include one staff member of a Community body.

On the basis of the opinion of this panel, the Administrative Director shall decide whether to initiate disciplinary proceedings or proceedings for the payment of compensation. If the panel detects systemic problems, it shall send a report with recommendations to the authorising officer and to the Commission's internal auditor. If the opinion implicates the Administrative Director, the panel shall send it to the College and the Commission's internal auditor. The Administrative Director shall refer, in anonymous form, to opinions of the panel in his/her annual activity report and indicate the follow-up measures taken.

5. Any member of staff may be required to compensate, in whole or in part, any damage suffered by Eurojust as a result of serious misconduct on his/her part in the course of or in connection with the performance of his/her duties in accordance with the Staff Regulations.

CHAPTER 4

Revenue operations

Section 1 — General provisions

Article 50

Eurojust shall present to the Commission requests for payment of all or part of the Community subsidy pursuant to Article 15(5), under terms and at intervals agreed with the Commission.

Article 51

The funds paid to Eurojust by the Commission by way of the subsidy shall bear interest for the benefit of the general budget.

Section 2 — Estimate of amounts receivable

Article 52

An estimate of the amount receivable shall first be made by the authorising officer responsible in respect of any measure or situation which may give rise to or modify an amount owing to Eurojust.

Section 3 — Establishment of amounts receivable

Article 53

1. Establishment of an amount receivable is the act by which the authorising officer or authorising officer by delegation:

- (a) verifies that the debt exists;
- (b) determines or verifies the reality and the amount of the debt;
- (c) verifies the conditions in which the debt is due.

2. Any amount receivable that is identified as being certain, of a fixed amount and due must be established by a recovery order given to the accounting officer, accompanied by a debit note sent to the debtor. Both of these documents shall be drawn up and sent by the authorising officer responsible.

3. The contracts and grant agreements concluded by Eurojust shall provide that any debt not repaid on the due date laid down in the debit note shall bear interest in accordance with the Implementing Rules to the general Financial Regulation. The condition whereby interest on late payment is due to Eurojust, including the rate for default interest, shall be explicitly referred to in the contracts and grant agreements.

4. In duly substantiated cases, certain routine revenue items may be established provisionally.

Provisional establishment shall cover the recovery of several individual amounts which need not therefore be established individually.

Before the end of the financial year, the authorising officer shall amend the amounts established provisionally to ensure that they correspond to the amounts receivable actually established.

Section 4 — Authorisation of recovery

Article 54

The authorisation of recovery is the act whereby the authorising officer responsible instructs the accounting officer, by issuing a recovery order, to recover an amount receivable which he/she has established.

Section 5 — Recovery

Article 55

1. Amounts wrongly paid shall be recovered.
2. The accounting officer shall act on recovery orders for amounts receivable duly established by the authorising officer or authorising officer responsible. He/she shall exercise due diligence to ensure that Eurojust receives its revenue and shall see that its rights are safeguarded.
3. Where the authorising officer responsible is planning to waive or partially waive recovery of an established amount receivable, he/she shall ensure that the waiver is in order and complies with the principle of sound financial management and proportionality.

Such a waiver shall be made by a duly substantiated decision of the authorising officer. The authorising officer may delegate such a decision only for amounts receivable of less than EUR 5 000.

The waiver decision shall state what action has been taken to secure recovery and the points of law and fact on which it is based.

4. The authorising officer responsible shall cancel an established amount receivable when the discovery of a mistake as to a point of law or fact reveals that the amount had not been correctly established. Such cancellation shall be by decision of the authorising officer responsible and shall be suitably substantiated.

5. The authorising officer responsible shall adjust the amount of an established debt upwards or downwards when the discovery of a factual error entails the alteration of the amount of the debt, provided that this correction does not involve the loss of the established entitlement of Eurojust. Such an adjustment shall be by decision of the authorising officer responsible and shall be suitably substantiated.

Article 56

1. Upon actual recovery of the sum due, the accounting officer shall make an entry in the accounts and shall inform the authorising officer responsible.

2. A receipt shall be issued in respect of all cash payments made to the accounting officer.

Article 57

1. If actual recovery has not taken place by the due date stipulated in the debit note, the accounting officer shall inform the authorising officer responsible and immediately launch the procedure for effecting recovery by any means offered by the law, including, where appropriate, by offsetting and, if this is not possible, by enforced recovery.

2. The accounting officer shall recover amounts by offsetting them against equivalent claims that Eurojust has on any debtor who himself/herself has a claim on Eurojust that is certain, of a fixed amount and due, provided that offsetting is legally possible.

Article 58

The accounting officer, in collaboration with the authorising officer responsible, may allow additional time for payment only at the written request of the debtor, with due indication of the reasons, provided that the following two conditions are met:

- (a) the debtor undertakes to pay interest at the rate specified in Article 86 of the Implementing Rules to the general Financial Regulation for the entire additional period allowed, starting from the date set in the debit note;
- (b) in order to safeguard the rights of Eurojust, the debtor provides a financial guarantee covering both the principal sum and the interest.

Article 58a

The accounting officer shall keep a list of amounts due to be recovered, in which Eurojust's entitlements are grouped according to the date of issue of the recovery order. He/She shall also indicate decisions to waive or partially waive recovery of established amounts. The list shall be added to Eurojust's report on budgetary and financial management.

Eurojust shall establish a list of its entitlements stating the names of the debtors and the amount of the debt, where the debtor has been ordered to pay by a Court decision that has the force of *res judicata* and where no or no significant payment has been made for one year following its pronouncement. The list shall be published, taking account of the relevant legislation on data protection.

Article 58b

Entitlements of Eurojust in respect of third parties and entitlements of third parties in respect of Eurojust shall be subject to a limitation period of five years, which shall be laid down in the contracts and grant agreements concluded by Eurojust.

Section 6 — Specific provision applicable to fees and charges

Article 59

Where Eurojust collects fees and charges referred to in Article 5(a), an overall provision estimate of such fees and charges shall be made at the beginning of each financial year.

Where fees and charges are entirely determined by legislation or decisions of the College, the authorising officer may abstain from issuing recovery orders and directly draw up debit notes after having established the amount receivable. In this case all details of Eurojust's entitlement shall be registered. The accounting officer shall keep a list of all debit notes and provide the number of the debit notes and the global amount in Eurojust's report on budgetary and financial management.

Where Eurojust uses a separate invoicing system, the accounting officer shall regularly, and at least on a monthly basis, enter the accumulated sum of fees and charges received into the accounts.

As a general rule, Eurojust shall provide services by virtue of the tasks entrusted to it only after the corresponding fee or charge has been paid in its entirety. If, by way of exception, a service has been provided without prior payment of the corresponding charge or fee, sections 3, 4 and 5 of this chapter shall apply.

CHAPTER 5

5. The budget commitment is provisional when it is intended to cover routine administrative expenditure and either the amount or the final beneficiaries are not definitively known.

The provisional budget commitment shall be implemented either by the conclusion of one or more individual legal commitments giving rise to an entitlement to subsequent payments or, in exceptional cases relating to expenditure on staff management, directly by payments.

Article 62

1. In respect of any measure which may give rise to expenditure chargeable to the budget, the authorising officer responsible must first make a budget commitment before entering into a legal obligation with third parties.

2. Global budget commitments shall cover the total cost of the corresponding individual legal commitments concluded up to 31 December of year N + 1.

Individual legal commitments relating to individual or provisional budget commitments shall be concluded by 31 December of year N.

At the end of the periods referred to in the first and second subparagraphs, the unused balance of these budget commitments shall be decommitted by the authorising officer responsible.

Any parts of such commitments which have not been executed six months after that final date shall be decommitted in accordance with Article 11.

The amount of a budget commitment corresponding to a legal commitment for which no payment within the meaning of Article 67 has been made in a period of three years following the signing of the legal commitment shall be decommitted.

- (c) determines or verifies the reality and the amount of the claim.

Article 65

1. Validation of any expenditure shall be based on supporting documents attesting the creditor's entitlement, on the basis of a statement of services actually rendered, supplies actually delivered or work actually carried out, or on the basis of other documents justifying payment.

2. The validation decision shall be expressed by the signing of a 'passed for payment' voucher by the authorising officer responsible.

3. In a non-computerised system, 'passed for payment' shall take the form of a stamp incorporating the signature of the authorising officer responsible. - (a) payment of the entire amount due;
- (b) payment of the amount due in any of the following ways:
 - (i) prefinancing, which may be divided into a number of payments;
 - (ii) one or more interim payments;
 - (iii) payment of the balance of the amounts due.

Prefinancing shall count in full or in part against the interim payments.

The entire prefinancing and interim payments shall count against the payment of balances.

2. A distinction shall be made in the accounts between the different types of payment referred to in paragraph 1 at the time they are made.

Article 68

Payment of expenditure shall be made by the accounting officer within the limits of the funds available.
